UPDATES FROM SWAGEL WOOTTON EYE INSTITUTE

***Happy 2021!** We hope you had a great Holiday Season and a productive, prosperous end of the year!*

***2020** definitely had many challenges. At Swagel Wootton we made the best of the challenging situation.*

Dr. Ramsey and team safely performed over 2,000 cataract procedures, helping patients see their world more clearly in 2020!

SWEI COVID-19 update: All safety measures are still in place and being enforced. Our team is committed to keeping all patients as safe as possible. Staff has been offered the COVID-19 vaccine and many have opted to vaccinate. We also continue to require temperature checks from all patients and staff, ask the standard COVID questions, and require hands to be sanitized upon check-in. Patients are being social distanced and all exam lanes are cleaned and sanitized between patients. And of course, masks are required for all patients and team members. In addition, we test all surgical patients for COVID-19 antibodies prior to their surgical procedure.

New Alcon IOL Release: AcrySof IQ Vivity, the first and only non-diffractive extended depth of focus IOL in the U.S.

- Vivity X-WAVE technology delivers extended range of vision while maintaining a monofocal-like visual disturbance profile.

Contact Kristina for more information on the Vivity IOL.
